

hey

why are  
you blaming  
kuzuryuu  
again?

isn't the  
culprit...  
isn't peko yama  
the one who  
killed big sis  
koizumi?

is that so?  
everything  
makes  
sense  
now...

the motive  
and the case  
of this time...

...that's  
why i'm  
saying it's  
too late  
now

i've said it  
many times  
already, i'm  
just a mere  
tool...

i'm not  
the culprit. the  
culprit is  
kuzanyuu, who  
used me as a  
tool to kill  
people

he's the  
true culprit  
who killed  
katzumi

i'm just  
a tool  
he uses

i have neither  
a point of view  
nor a motive. i  
also have no  
reason or will  
to kill her

i sob

is this  
pekoyama's  
point of  
view?

it's  
a situation  
like this...  
the one who  
can survive  
is...

if...

if what  
pekoyama  
said can be  
considered  
true, didn't we  
make a huge  
mistake?

my reason  
to exist is to  
be young  
master's  
property  
until i die

my parents  
abandoned  
me soon  
after i was  
born and  
the kuzuryu  
family picked  
me up.

before i  
am a human  
being, i am  
the young  
master's  
tool

if the young  
master was  
being attacked  
i'd be his shield  
and protect him  
if he wanted to  
kill someone.

this is the  
only reason  
why i'm  
allowed to  
keep living  
i would be  
his sword and  
kill that  
person.

... it's  
nothing.

since the  
young master  
gave me  
orders, i  
acted and  
treated people  
according to his will

that's not  
right! it's  
not like this,  
pokoyama!

because...  
if pokoyama  
is a mere tool,  
what's the  
time we've  
spent together  
all today?

even so, if the  
young master  
intends to kill  
someone, i will  
surely be his  
tool

then  
the truth  
is that...

the one who  
actually wanted  
to kill kazu he  
was kuzuryuu

"Our  
relationship is  
now must not  
be known on  
this island"  
you're just a  
regular school  
girl here

this is  
the order  
young  
master  
gave me  
soon after we  
reached the  
place

the young  
master had  
already told  
me to keep  
secret...

he decided  
not to rely  
on his family  
anymore... he  
hates the fact  
that i'm a tool  
given to him by  
his family

if you see a  
picture of your  
sister's dead  
body in such a  
situation, you  
couldn't help but  
believing in it

but you  
actually didn't  
want to believe  
it so you sent  
the photo to  
kazu to  
confirm, right?

but  
then she  
started  
avoiding  
me  
...and  
didn't  
reply at  
all...

i...  
it can't  
be helped!

after clearing  
the game  
i opened the  
price and saw  
that photo...

then i  
must-  
kill her for  
my sister!

if what  
that  
game  
showed  
was  
true

if someone  
killed one of  
your own, you  
must revenge  
that's how it  
works in the  
world i come  
from

i think

kazumi  
must have  
also been  
confused

but...  
that  
woman!

but . to tell  
the truth, i was  
scared... after i  
called kazumi  
out, i had  
thought to call  
the whole  
thing off...

i wanted  
her to die like  
my sister,  
so i chose a  
metal bat  
as murder  
weapon

the fact that  
your sister was  
murdered is  
horrible indeed  
but revenge is  
wrong!

you are the one  
at fault, nobody  
has the right to  
judge other's  
criminal!

i couldn't  
keep calm  
and tried to  
take the metal  
bat i was  
hiding... but at  
that moment!

when i  
heard her  
words... i  
gave up  
what i was  
thinking

it's over,  
young  
master...

i was waiting  
nearly young  
master called  
me out and  
ordered me  
to kill kokoro

in order to  
make you  
mistake, we  
would use that  
story about the  
serial killer

we were  
also prepa-  
red in case  
you did  
though it...

after that,  
the young  
master  
came up  
with a plan...

what?

you fooled  
me, a mere  
tool, as the  
culprit and  
failed to find  
the true culprit,  
the young  
master...

as we  
planned  
you  
made a  
mistake

we totally  
fell for for  
their trap
